Disadvantaged Business Enterprise and Airport Concessions Disadvantaged Business Enterprise Programs

[Home](#) > [Business](#) > [Partnerships](#)

The Disadvantaged Business Enterprise (DBE) Program was created to provide a level playing field for small, minority- and women-owned companies wanting to do business with TxDOT and other agencies receiving federal funds from the U.S. Department of Transportation (DOT).

The Airport Concessions Disadvantaged Business Enterprise (ACDBE) Program is similar to the DBE Program. ACDBE is a DOT program designed to level the playing field for small businesses wanting to do business with TxDOT and other agencies receiving federal funds through the Federal Aviation Administration (FAA) and wish to participate in contracting opportunities at airports (airside, landside and off airport).

You may apply for DBE and/or ACDBE certification using TxDOT's [Diversity Management System](#).

Certification Overview

TxDOT is a member of the [Texas Unified Certification Program \(TUCP\)](#). The TUCP certifies DBEs and ACDBEs for participation in DOT and FAA contracting projects across the State of Texas in compliance with Code of Federal Regulations (49 CFR Parts 26 and 23).

Businesses interested in becoming certified as a DBE and/or ACDBE must complete and submit an application through the TUCP. Upon approval, DBE-certified companies can be used to meet the [DBE goals](#) established for federally-funded contracts.

You may search the TUCP Directory using TxDOT's [Diversity Management System](#).

The following are general eligibility requirements for DBE and ACDBE certification:

- 51-percent owned, managed and controlled by one or more socially and economically disadvantaged individual(s)
- Must be a small business as defined by Small Business Administration (SBA)
- Personal Net Worth Limit: \$1.32 million
- Gross receipts must not exceed \$23.98 million averaged out over three years (DBE only)
- Gross receipts must not exceed \$56.42 million averaged out over three years (ACDBE only)
- Firm must be organized as a for-profit business

Note: Members of these groups are presumed disadvantaged:

- Asian-American
- African-American
- Hispanic
- Native American

- [Women](#)

DBE certified firms certified in highway construction are automatically eligible for [Small Business Enterprises \(SBE\) certification](#). The qualified firms certified by TxDOT are not required to submit an application to become SBE certified.

Annual Update

Certification is valid for three years from the date of initial certification. However, you must update your certification annually. TxDOT will notify you of upcoming annual updates and it is the firm's responsibility to ensure that the information in the TUCP Directory is correct. Submit the DBE or ACDBE Annual Update Affidavit online using TxDOT's [Diversity Management System](#).

Supportive Services

TxDOT is committed to assisting Disadvantaged Business Enterprises and Small Business Enterprises in their efforts to work with TxDOT and other state agencies. To this end, we provide the following training and additional outreach to serve Texas communities:

- [Alliance Program](#)

Memorandum of Understanding (MOU)

Federal Law mandates that all Local Governments or Entities that receive USDOT funds from non-conventionally let projects must [sign an MOU](#) with TxDOT allowing them to adopt TxDOT's federally approved DBE Program and comply with the [Federal Regulations 49 CFR Part 26](#).

Agenda

August 22nd 2:00-4:00

Abilene Regional Airport is pleased to welcome you to the **August 22nd 2:00-4:00** Public Presentation on Disadvantaged Business Enterprises (DBE) and Small Business Aid. We will also be discussing government contracting opportunities and upcoming projects for the Airport and City of Abilene.

This meeting takes place at the **City Council Chambers** on the second floor of Abilene's City Hall at 555 Walnut St., Abilene, TX 79604

This public meeting will have presentations by:

Abilene Regional Airport

- Detailing future AIP funded airport development projects
- DBE goals update
- And general DBE information

US Small Business Administration – Small Business Certification by Matthew Jock. Matthew Jock specializes in the certification process to become a registered Small Business.

Procurement Assistance Center by Bruce Clinard to discuss:

- The process to become a certified-DBE
- Issues that contractors face with the DBE certification process
- Government contracting aid and the free services the Procurement Assistance Center provides to companies looking to work on government contracts.

Texas Tech University Small Business Development Center of Abilene by Judy Wilhelm to discuss the free services they provide to help small businesses.

Further contact for upcoming projects:

- Tammy Sanders – TXDOT, Abilene District Construction Office. [325-676-6942](tel:325-676-6942)
- Larry Wright – City of Abilene Public Works upcoming projects. [325-676-6284](tel:325-676-6284)
